

## MEDIATION AND ARBITRATION MATRIX

**This overview is intended to permit the reviewer a bird's eye view of some of the cases handled by this office. It also permits the reader to contact the persons listed for any comments which they care to share about the services, style and resolution orientation of Mr. Polsky. The actual outcome of the mediations and arbitrations is omitted due to confidentiality issues. Because some cases last over two years, the reader will see some cases repeat. Further, most cases in the field of entertainment disputes and others are omitted due to the need to avoid publicity where the parties are highly recognizable.**

Title documents supported an easement, but the width was unclear. Sproul placed title company on notice of a claim on title and the deal has been stalled.</p> <p>Plaintiff wants to take the front parcel owned by Sproul.
